The first ecological garage in Belgrade

The first ecological garage in Belgrade

Parking Servis submitted an application for the LEED certificate (Leadership in Energy and Environmental Design)

for renovated and upgraded garage 'Obilićev venac'. After obtained certificate, garage 'Obilićev venac' will be the first "green" garage in Serbia. At the conference, devoted to "Green Building", the leader of Investment and Construction works at Parking Servis, Biljana Vlajic presented the arguments applied to "green" garage.

- In the very center of Belgrade we will soon have a modern garage that has been built to the highest environmental standards. By using renewable energy and building materials that are not harmful to health, and also by promoting plug-in electric vehicle and charger setting for them, and providing services to rent a bike, Parking Servis is represented as a leader in the implementation of new environmental standards and technology for this type of facility. – said Biljana Vlajić.

We are ready for the rain!

We are ready for the rain!

We provide a certain amount of umbrellas, which in the case of inclement weather, customers of our facilities, when they forget their own umbrella, may “borrow” from us, just by leaving a deposit of 300 dinars.

After parking their vehicles, customers may borrow a branded ‘Parking Servis’ umbrella in the garages “Zeleni venac”, “Masarikova”, “Pionirski park”, “Vukov spomenik”, “Botanička bašta” “Dr Aleksandra Kostića”, as well as on the car parks “Slavija”, “Milan Gale Muškatirović”, “Cvetkova pijaca”, “VMA”, “Kapetanija”, “Ada Ciganlija”, and “Donji grad”.

When renting an umbrella the users fill out a simple form. The deadline for returning the umbrella is two days. When the umbrella is returned the deposit is given back to the user. In case a user misses a deadline or returns a broken or faulty umbrella the deposit is not given back.

More locations for using a debit parking card

More locations for using a debit parking card

Parking Servis has offered to customers easier and simpler way to entry and exit to the garages and car parks without paying parking at cash-desk, by using a debit parking card.

For several years, the customers are able to use a debit parking card at 12 locations; and from now on it will be possible at 9 more: "Kapetanija", "Cvetkova pijaca", "Viška", "Botanička bašta", "Politika", "Čukarica", "Kamenička", "Donji grad" and "Kalemegdan".

In order to improve the quality of service, during the summertime, these car parks were restaurated and asphalted with an implementation of new, modern, automatic system which provides a number of available parking spaces in real time.

Reduced price of ticket per several hours

Reduced price of ticket per several hours

At the suggestion of Parking Servis, the city of Belgrade lowered the price of ticket per several hours at General parking lots outside the zoned areas (so-called Blue zone). Since Saturday, October 1, 2016, ticket per several hours in these parking lots outside the time limited areas, in one part of Novi Beograd, Zemun and other parts of the city instead of 285 dinars now costs 150 dinars.

Therefore, legal entities, companies and entrepreneurs, based in this so called Blue zone are permitted to buy a monthly privileged parking ticket. The companies based in this zoned area are able to buy a monthly privileged parking ticket at the cost of 3.084 dinars, and each of the legal entities can buy up to three tickets.

NOTICE

The Green zone transfers into

Yellow zone

The Secretariat for Transport made the Decision IV – 06 no 344.16-1468/2016 which constitutes rezoning of part of existing green zone into yellow zone area, **starting on Monday, 26th September**. Parking Servis did the Analysis of Functional Parking Characteristic, due to heavy traffic congestion, roads overload and lack of parking space, in the very city centre.

Area in the very city centre belonging to the Green zone, with 3 hrs time limitation parking will be assigned to Yellow zone area with parking time limit of 120 minutes, starting from Monday, September 26th.

WHICH STREETS?

Streets entering the system of 2 hrs time limitation parking are: **Tadeuša Koščuška, Cara Dušana, Džordža Vašingtona, Takovska, Kosovska, Nušićeva, Makedonska, Cetinjska, Zetska, Simina, Višnjićeva and Gospodar Jevremova.**

A part of former green zone, bordered by streets **Brankova, Karadjordjeva, Pariska, Kosančićev venac, Pop Lukina and Fruškogorska**, will also transfer to Yellow zone, on Monday, 26th September.

THE PARKING REGIME

Parking is charged from Monday to Friday, from 07.00 – 21.00 hrs and on Saturdays from 07.00 – 14.00 hrs.

Parking in Yellow zone is limited to a maximum of 120 minutes. If using the m-parking (payment method done with texting SMS to our centre) message should contain only signs and numbers of registration plate with no spaces or special marks within. Text is sent to short code 9112.

PRIVILEGED PARKING TICKET – PPT

Following a zone redefinition, **resident of the upper Dorćol**, who had met requirements for issuing a privileged parking ticket, would be still able to continue parking their cars in the same streets as prior the redefinition. Yet, privileged parking ticket will not allow them to park in the streets around Kosančićev venac, which will be assigned to the Yellow subzone 2.0.

The same conditions refers to legal entities based in this zone, who will buy a privileged parking ticket for a Yellow zone 2.0.1 instead of Green zone, from now on.

Residents of the Kosančićev venac quart having the PPT were allowed to park their vehicles in Green 3.0 zone. Starting from September 26th 2016 residents and legal entities based in this area will be buying PPT for Yellow 2.0, valid only in 2.0's streets.

Accordingly, previously bought PPT for Zone 3.0 is valid until the date of expiry, but owners will be parking their cars within the parking spaces of subzones 2.0 or 2.0.1. Legal entities will be able to continue using and buying PPT, but for Yellow zone, with applicable Official Pricelist.

This strategy is to fulfil two main tasks – enough number of available parking spaces primarily for residents, as well

larger number of spaces for visitors of the city centre. Applying the Yellow zone criteria to these streets, as the time of maximum parking stay is limited to 120 minutes, will lead to greater utilization of existing parking capacities and increased interchangeability in one parking place.

Final reconstruction works in the garage “Masarikova”

Final reconstruction works in the garage “Masarikova”

Belgrade City Manager Goran Vesić and managing director of the Public Utility Company “Parking servis” Andrija Čupković visited today public garage “Masarikova”.

The final stage of reconstruction works and repairs are

expected to be completed by Monday 29 August.

Once again, we inform citizens that garage “Masarikova” operates in reduced capacity, offering about 200 parking spaces. By the end of the month, the garage will work in its full capacity with 460 parking spaces.

Car park at the “Blok 42” will be closed

Car park at the “Blok 42” will be closed

On Monday, 15 August 2016, SMS car park located at the “Blok 42” will cease to operate, due to construction work of the new bus station.

The SMS car park located at the “Blok 42” was providing a 443 parking places, and operated with a system of control and charge like in the zoned areas of the city.

“Parking Servis” appreciates and values the long-lasting cooperation with the citizens, and appeals to drivers to park their vehicles in nearby objects, in order to avoid a traffic jam in this part of the city.
