PUC "Parking servis" operates 23 garages with reserved parking places for cars and motorcycles.

Garages with reserved parking places are located in densely populated residential areas.

These garages are intended only for customers with monthly subscription, with *long stay*. Some facilities have a number of marked **parking spaces for motorcycles**.

Most garages are equipped with **automatic rolling and segment doors**, managed by issued parking card and remote access control. **Deposit for the remote control** is 5.000,00 RSD.
