- Garages and Car Parks

**What is a Prepaid Card?**

The Prepaid Card allows drivers to park their vehicles in the public garages and car parks simplifying entrance and exit, with no need to wait in line for a cashier or a pay station.

Using a Prepaid Card is simple – By pressing the card at the machine upon entry or exit of the garage or car park a barrier gate arm is going up, while the credit on the Card is reduced by the parking cost.

### **SALES POINTS**

Prepaid Cards are available at the cashiers of the public garages and car parks and at the Customer Service Offices for the price of 650 dinars with no parking credit. The Card should be reloaded with credit prior activation and prior to your first entrance.

### **CARD RELOAD**

Prepaid Cards can be reloaded at the public garages and car parks – at the cashiers and toll stations or electronically – if Card is personalized. Cards can be reloaded at the cashiers from 100 to 9.900 dinars (only in the unit values of 100 dinars), at the pay station in the amount of 500 to 9.500 dinars (only in the unit values of 500 dinars) and electronically from 1.000 to 9.000 dinars (only in the unit values of 1.000 dinars). Cards can be reloaded up to a maximum of 9.900 dinars.
